WHEREAS, the Austin Strategic Direction 2023 prioritizes effective and collaborative City government; and

WHEREAS, Resolution No. 20210204-049, the adoption of the Housing-Focused Homeless Encampment Assistance Link (HEAL) initiative, directed the City to enter into partnerships to facilitate implementation; and

WHEREAS, a community-led Homelessness Summit held between March 23, 2021, and April 15, 2021, established the goal of housing over 3,000 people experiencing homelessness in three years, including revamping our response system; providing housing stabilization such as prevention, diversion and rapid exit; fully rehousing across the spectrum of need; and specifically including the development of 1,000 units of permanent supportive housing; and

WHEREAS, in line with the Summit recommendations, the Council approved updated goals for the Strategic Housing Blueprint to achieve 3,000-plus homes by 2024 through a “collaboration of local governments, businesses, and philanthropy with the goal of significantly reducing Austin’s unsheltered

population,” and included a goal to provide capital funds for at least 350 permanent supportive housing units per year beginning in FY2022; and

WHEREAS, these Council actions, and the many policy documents related to the challenge of homelessness adopted by the Council, demonstrate a willingness to meet the need with a collaborative approach that engages our community and governmental partners; and

WHEREAS, five members of the Council sent a signed letter to Williamson County elected officials on May 17, 2021, about the importance of jointly addressing the issue of homelessness through ongoing discussions with faith-based groups, mental health groups, social service groups, and non-profit organizations that work directly with people experiencing homelessness, and which may be located within Williamson or Travis County; and
